

GRUPO MAMIPA

**Maquinados Mineros de Parral
S.A. de C.V.**

Elastomex S.A. de C.V.

Mission

Give society a workplace that dignifies man, family and Mexico, produce products with our own technology and world class quality, ensure the safety and welfare of workers and theirs, be an integral part of the community and help in the transformation of the world.

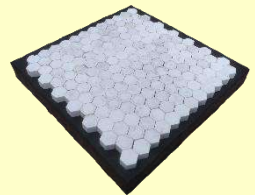

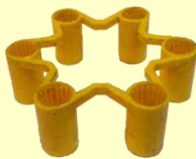

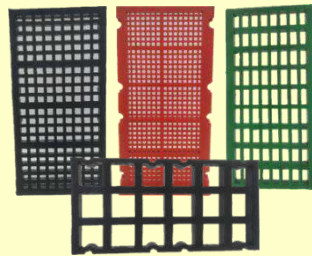

Vision

**Grow up to have plants in other countries.
Be recognized worldwide for our quality.
Create more jobs and help more people live better.
Invent new products and new ways of working.**

We have more than 40 years of experience serving the mining industry with the supply of spare parts made of materials such as natural or synthetic rubber, neoprene, silicone, EPDM, SBR, buna, viton, and resilast (urethane).

Main lines of products.

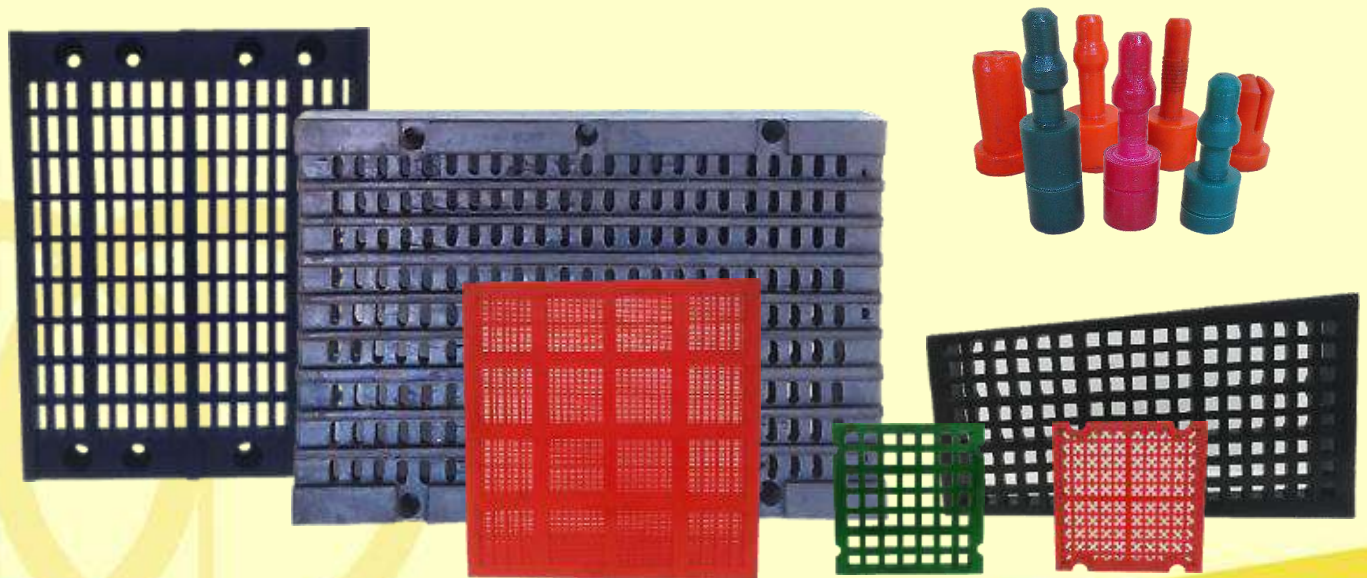

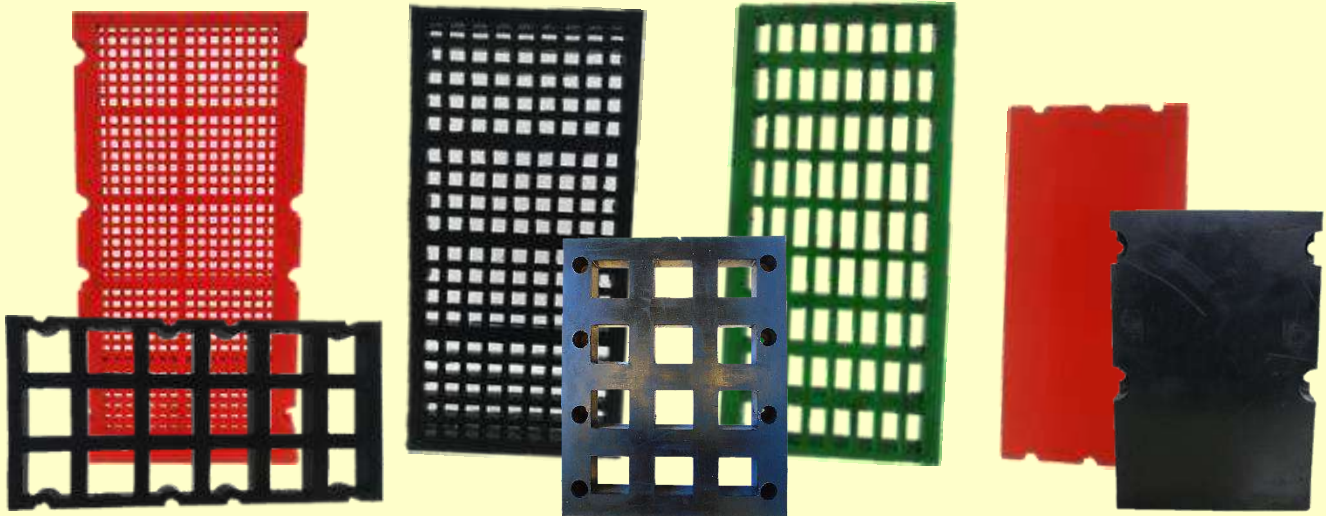

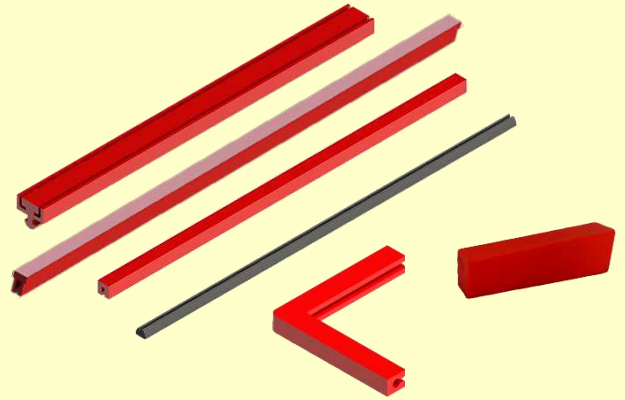

- Screens in different sizes, openings and types of fastening.
- Flotation machines.
- Vertical pumps.
- Horizontal pumps.
- Special steels.
- Coatings with rubber, ceramic, resilast AST 8S, etc.
- Parts for filters, cyclones and valves.
- Parts for interior mine equipment.
- Tanks, cells and conveyor belts.

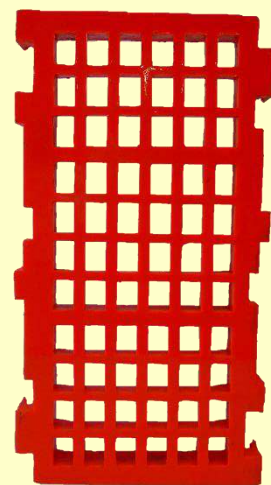

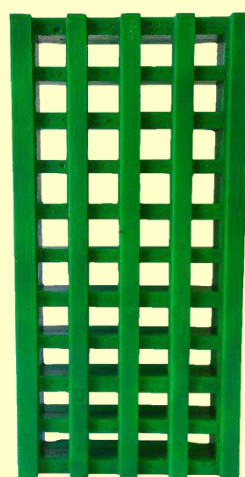

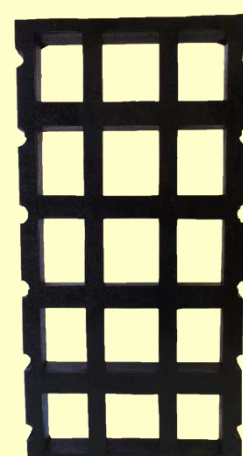

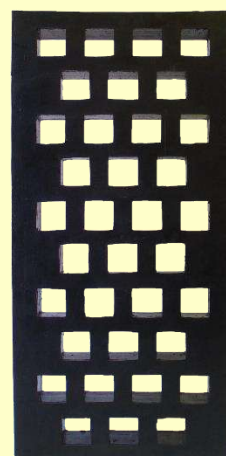

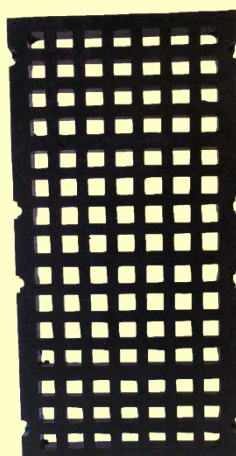

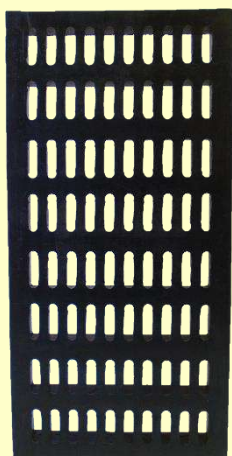

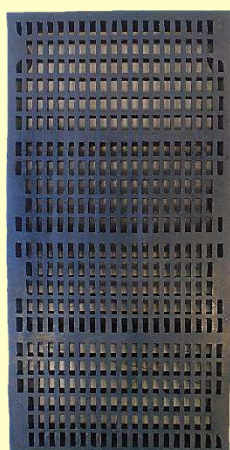

We put at your disposal our engineering and design department for product development according to your needs.

Screens

- Screens in different dimensions and openings, as well as diversity in clamping types
- Bolts and covers.
- Feeding and discharge lips.
- Side protection sheets.
- Protectors for housing and frame.

Screens in different sizes, openings and types of fastening.

Flotation machines

- Agitation Unit.
- Rotors or impellers.
- Diffusers or stabilizers.
- Stand pipe.
- Pedestal.
- Housing, covers, shaft, etc.

Vertical pumps.

- Complete pumps.
- Cases, plate, impeller and strainer.
- Housing, covers and shaft.
- Discharge pipe.
- Pedestal.

Horizontal pumps

- Complete pumps.
- Linings.
- Impellers and plates.
- Expeller and expeller holders.
- Shafts
- Housing.
- Pedestal.

Horizontal pumps

Special steels

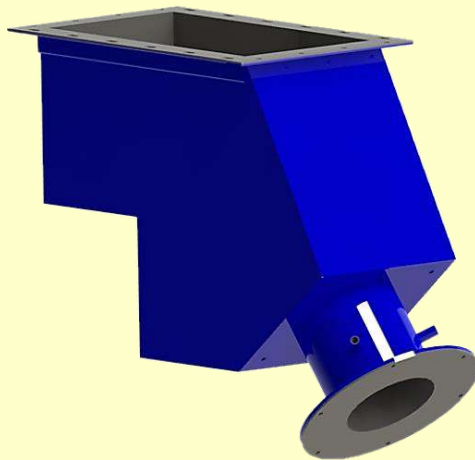

We offer items in special steels such as spare parts for pumps, wear plates, feeder bars, etc.

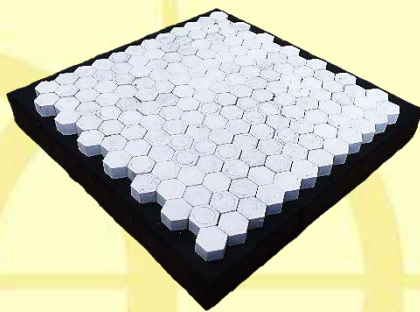

Special steels

Natural Rubber Coatings

Ceramic Coatings

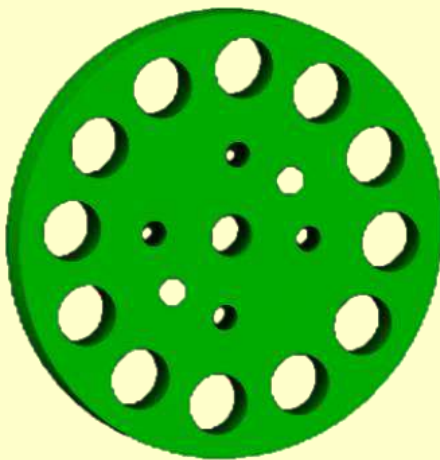

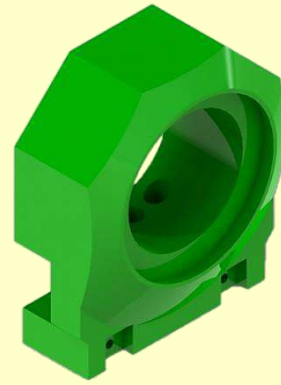

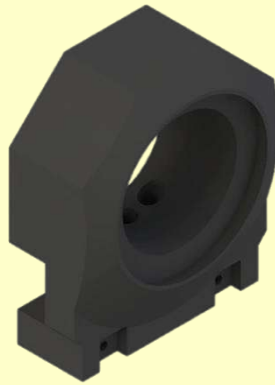

Resilast AST 8S Coatings

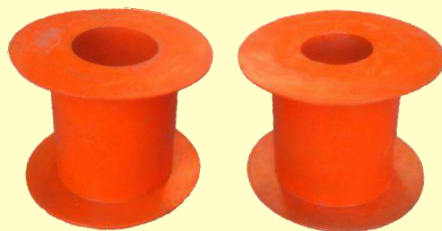

- Abrasion resistant.
- Resistant to chemicals.

Parts for Filters

Parts for Hydrocyclone

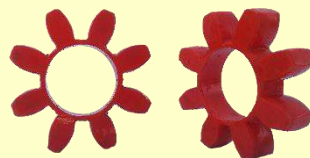

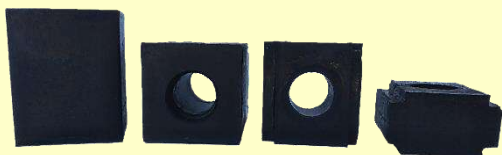

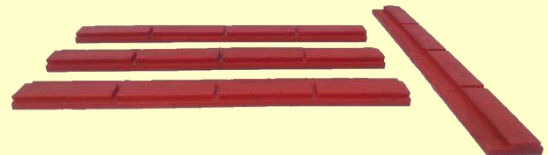

Parts for Valves

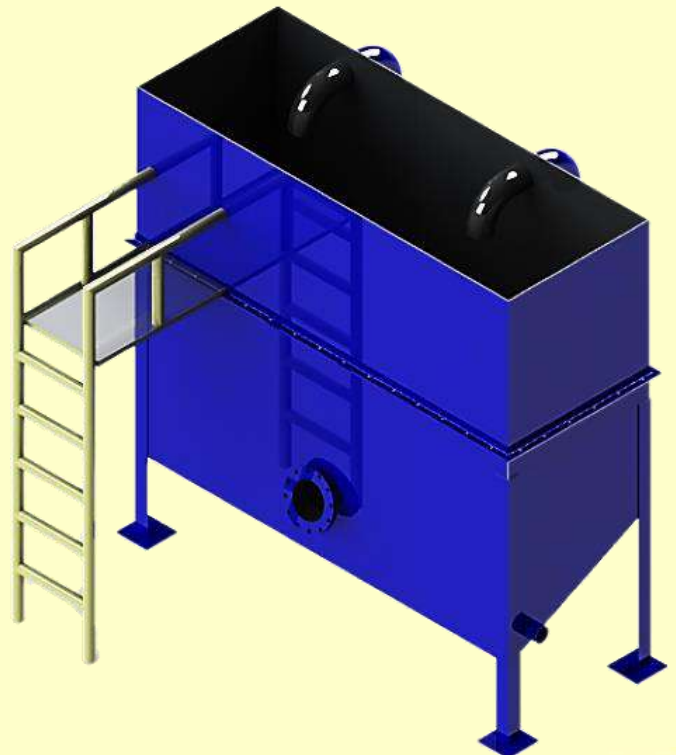

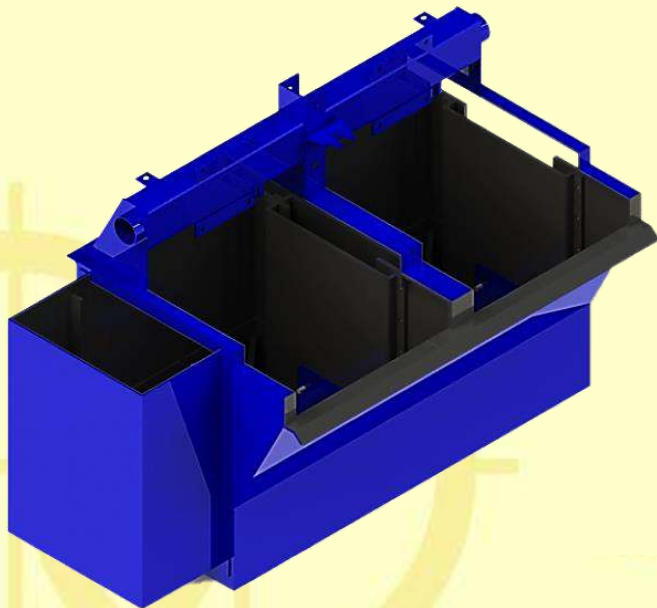

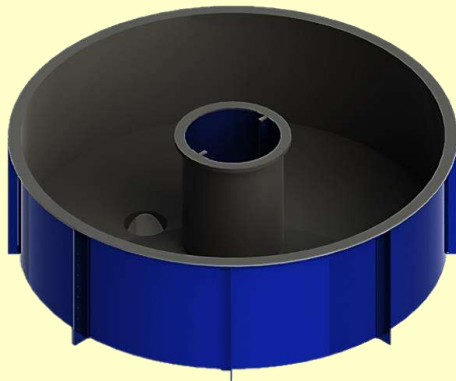

Parts for Interior Mine Equipment

- Bumpers
- Pulleys
- Hose holder drum.
- Central hubs.
- Sliders
- Nozzle
- Skip wheels

Tanks and Cells.

Conveyor Bands

- Impact beds
- Protectors or discharge linings.
- Dust skirt.
- Spare for scraper.
- Nonstick plate for hoppers.
- Rubber plates for impact.

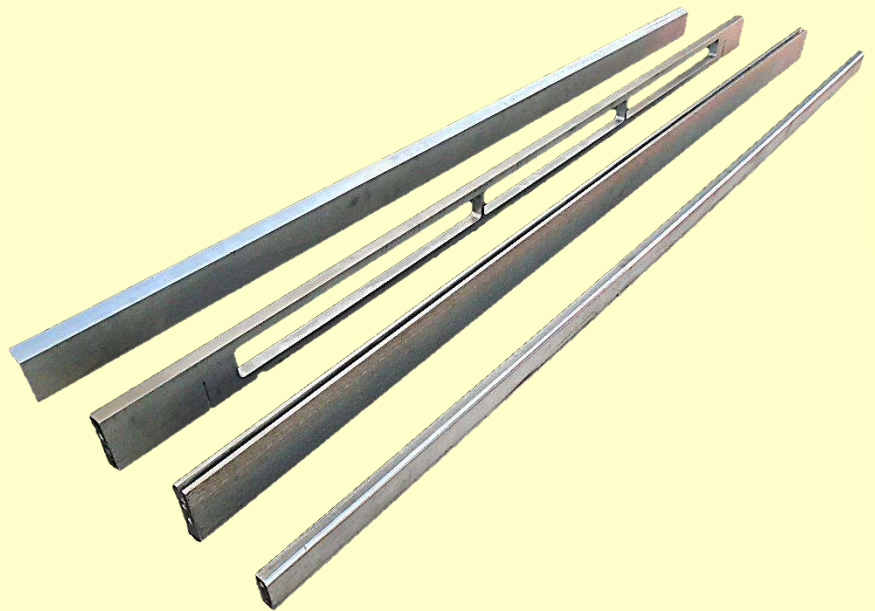

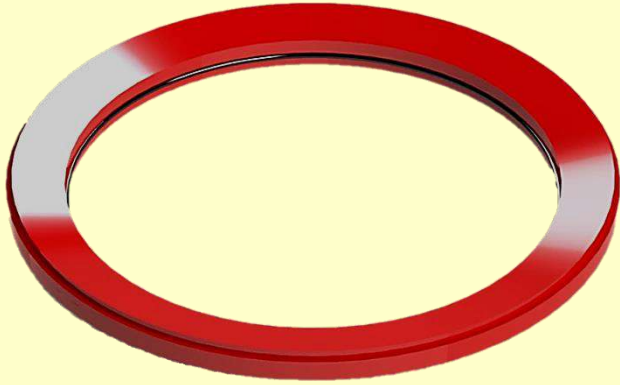

Various

We put at your disposal our engineering and design department for product development according to your needs.

Various

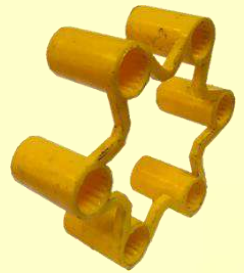

Security Items

NUT-LOCK FOR DIFFERENT TYPES OF VEHICLES

Elements designed for the wheel studs as a protection measure.

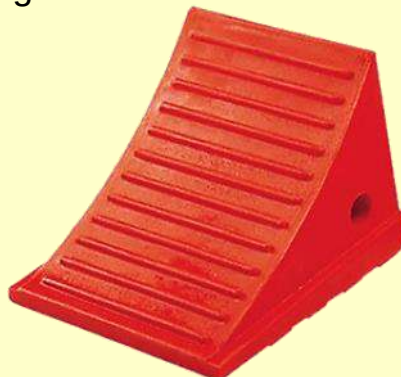

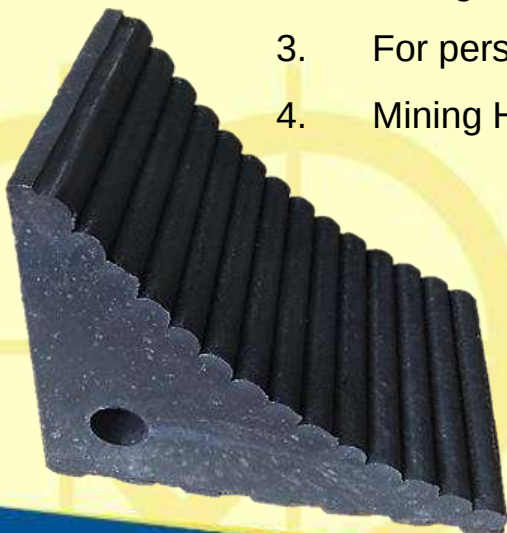

- Diversity of colors
- Failure detection with simple visual inspection.
- Easy installation
- For vehicles such as: Hilux, Amarok, Ranger, Sierra, RAM, Tacoma, Suburban, etc.

Bumpers

Vehicles:

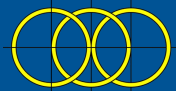

1. Light.
2. Charging
3. For personnel transport.
4. Mining Hauling.
